PORTABLE POWER STATIONS

There are various portable power stations that are capable of powering modems, freezers, TV etc.
Check Amazon, B&Q, Companies own sites etc. for what you think you might need. Here are some examples.

Jackery Explorer 1000V2 - £600-850
Smaller Jackery at £300+
Bluetti Handsfree 2 - £500
EcoFlow Delta 3 Plus - £900
Dabbsson DBS2300 - £1155
Anker Solix F3800 - £2700
Ryobi have a wide selection of units that can be added to for extra power

Basically portable power stations range from £400 for 500W to £2000 for 2000W and are certainly worth a good in depth look.

For GENERATORS external generator points can be retrospectively fitted for around £600. LOTS of options for generators – output/petrol/diesel
